

A Day of Depth, Connection & Exploration at the Colorado 4-D Wheel Training

This is a special invitation to share a consciously held **sacred space** with other experienced practitioners to deepen into the complexities of relationships:

- with yourself,
- with your clients,
- and with a community of other dedicated professionals.

This is not just another training...

- If you feel a yearning for more **authentic connection** with other therapists...
- If you see the important of **doing your own dynamic healing work** in order to better show up for your clients....
- If you want to **get out of *business as usual* trainings...**

This training is for you.

This **advanced depth-oriented group** will be facilitated by approved AASECT supervisor Kamara McAndrews, MA, LMFT, CST, DAACS. Kamara is a dynamic, intuitive trainer and therapist incorporating a dynamism into her work with individuals and with groups. Kamara has been working with Dr. Gina Ogden for over 8 years and is a **certified 4-D practitioner** utilizing the vibrancy and *magic* of sacred geometry with her clients for almost a decade year.

If you have read any of Dr. Ogden's work (*Expanding Sex Therapy, Exploring Intimacy & Desire*, etc) you know that her methods expand the breadth and depth of the traditional sex therapy lens. This method is **NOT alternative but rather it is seeing the whole picture**: emotional, mental, physical and spiritual as it comes to our clients (and our!) lives.

We are fortunate to live in Colorado, the home state of Kamara, who is **growing a group of conscious practitioners** wanting to take their therapy practice and personal growth to the next level.

****Join us for this fresh, embodied practice of working with the 4-D Wheel.****

Date: Saturday, Dec 9, 2017 9:30am - 6:30pm (optional social dinner after-gathering)
Lunch and tea included.

Location: Colorado Springs, CO (if you live in Denver, let's carpool!)

Investment: \$200 if you register by Nov 20, 2017 | after Nov 21, 2017 \$250
Register [online here](#).

NOTE: *Six hours are good toward 4-D Certification and/or AASECT CEs.*

We are oh so excited to have you with us for this special experience!
Kamara McAndrews and Jenny Glick
